#### JURISDICTIONAL AND BEHAVIORAL EXPECTATIONS STATEMENT

This handbook is an extension of board policy and is a reflection of the goals and objectives of the school board. The board, administration and employees expect students to conduct themselves in a manner fitting to their age level and maturity and with respect and consideration for the rights of others. Students are expected to treat teachers, employees, students and visitors with respect and courtesy. Students may not use abusive language, profanity or obscene gestures or language.

This handbook and school district policies, rules and regulations are in effect while students are on school grounds, school district property or on property within the jurisdiction of the school district; while on school-owned and/or school-operated buses or vehicles or chartered buses; while attending or engaged in school activities; and while away from school grounds if the misconduct directly affects the good order, efficient management and welfare of the school district or involves students or staff. A violation of a school district policy, rule, regulation or student handbook may result in disciplinary action and may affect on student's eligibility to participate in extracurricular activities whether the violation occurred while school was in session or while school was not in session.

Students are expected to comply with and abide by the school district's policies, rules, regulations and student handbook. Students who fail to abide by the school district's policies, rules, regulations and student handbook may be disciplined for conduct which disrupts or interferes with the education program; conduct which disrupts the orderly and efficient operation of the school district or school activity; conduct which disrupts the rights of other students to obtain their education or to participate in school activities; or conduct which interrupts the maintenance of the disciplined atmosphere. Disciplinary measures include, but are not limited to, removal from the classroom, detention, suspension, probation and expulsion. Discipline can also include prohibition from participating in extracurricular activities. The discipline imposed is based upon the facts and circumstances surrounding the incident and the student's record.

The school reserves and retains the right to modify, eliminate or establish school district policies, rules, regulations and student handbook provisions as circumstances warrant, including those contained in the handbook. Students are expected to know the contents of the handbook and comply with it. Students or parents with question or concerns may contact the Iowa Valley Jr-Sr High School office for information about the current enforcement of the policies, rules, regulations or student handbook of the school district.

#### NOTICE OF NONDISCRIMINATION

The Iowa Valley Community School does not discriminate in its employment practices, hiring procedures, educational programs or activities on the basis of any of the following actual or perceived traits or characteristics, including but not limited to, age, color, creed, national origin, race, religion, marital status, sex, sexual orientation, gender identity, physical attributes, physical or mental ability or disability, ancestry, political party preference, political belief, socioeconomic status, or familial status. The Iowa Valley School also affirms its opportunities and equal access to school facilities without reference to affectional or association preference. For additional information on nondiscrimination policies, contact Superintendent, the coordinator of Title IX and Section 504, in the high school building at 359 East Hilton Street, Marengo, Iowa, 52301, telephone (319) 642-7714.

#### Model Notification of Rights under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

(1) The right to inspect and review the student's education records within 45 days of the day the School receives a request for access. Parents or eligible students should submit to the School principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate.

Parents or eligible students may ask the School to amend a record that they believe is inaccurate. They should write the School principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it is inaccurate. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

[Optional] Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. [NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.]

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:
Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5901
[NOTE: In addition, a school may want to include its directory information public notice, as required by § 99.37 of the regulations, with its annual notification of rights under FERPA.]

#### Asbestos Hazard Emergency Response Act

The Asbestos Hazard Emergency Response Act (AHERA) requires school districts to inspect their buildings for asbestos-containing building materials and develop, maintain, and update an asbestos management plan. School districts must annually notify parents, teachers, and employee organizations in writing of the availability of the management plan and planned or in progress inspections, re-inspections, response actions, and post-response actions, including periodic re-inspection and surveillance activities. 40 C.F.R. §§ 763.84(c), 763.94(g)(4).

#### No Child Left Behind Act

The No Child Left Behind Act (NCLB) requires the state education agency, school districts, and individual schools to provide numerous notices to parents, the public, and others. Some of the notices that school districts and/or individual schools are required to give under NCLB include: annual report cards; progress reviews; schools identified for school improvement, corrective action, or restructuring; parental involvement policies; state education agency complaint procedures; teacher and paraprofessional qualifications; non-highly qualified teachers; student achievement information; an informational meeting on Title I, Part A; that the district routinely releases the names, addresses, and phone numbers of secondary students to military recruiters unless parents opt out; and a variety of information about the status of English Language Learners.

Notice to parents that a school has been identified for improvement, corrective action, or restructuring, must be given in an understandable and uniform format, including alternative formats upon request, and, "to the extent practicable," in a language that parents can understand. 34 C.F.R. § 200.36(b). In general, notice must be provided to parents directly, through regular mail or e-mail, and "[t]hrough broader means of dissemination such as the Internet, the media, and public agencies serving the student population and their families." 34 C.F.R. § 200.36(c). The U.S. Department of Education's non-regulatory guidance document, *Parental Involvement Title I, Part A*, contains a chart listing the *key* parental notice requirements under Title I, Part A of NCLB, who has to issue the notices, and when they must be issued. The description of each notice contains references to the relevant statute sections and guidance documents, some of which contain model policies. #### ATTENDANCE AND ABSENCE

#### Attendance Policy – (Approved by the SIAC Committee 5/23/11)

Students are expected to be in class and to make attendance a top priority. Only through attendance and class participation do students achieve the benefits of the education program. Learning lost due to an absence can never be replaced. Regular attendance and being prepared for class helps students in school as well as prepares students for adulthood and the world of work.

When a student knows in advance that he/she will be absent, a parent/guardian **is advised** to notify the office prior to the absence. If advance notification is not possible, parents/guardians must notify the high school office by phone at (319) 642-3332, e-mail, or a written note on the day of the absence prior to 9:00 a.m. If notification is not received, the office may attempt to contact the parent/guardian.

It is left up to the administrator's discretion to verify any absences with a note from the parents/guardians. The note needs to be submitted to the principal's office within <u>3 school days after the absence</u>, or the absence will be considered **unexcused**. The note needs to include the date, the date of the absence, and the reason for the absence. All doctor's visits must have a doctor's excuse which includes the date, time, and duration of appointment. Routine doctor appointments will be allowed up to  $\frac{1}{2}$  of a school day (four periods). If the student is absent for more than the allowed half day, one half day will be excused and one half day will be counted as **unexcused**.

The school determines whether an absence is excused or unexcused. **Excused** absences include, but are not limited to, illness, family emergency, recognized religious observances, medical appointments (i.e., doctor, dentist, optometrist, etc.), court appearances, funeral of family member, and school activities (School activities include college visits (one per year for juniors and 2 per year for seniors). School activities will require students to complete a signed field trip form. All classes must have the teacher's signature on the form. A class that does not have a teacher's signature may be considered as an unexcused absence). Excused absences may also include family trips or vacations if the student's work is completed **prior** to the trip or vacation and the student has completed a field trip form. (Family vacation is defined as a traditional out-of-state or out-of-country trip, or any trip for a scheduled event in the state of Iowa and/or a similar activity of this type in which at least one of the student's parent(s) /guardian(s) accompanies the student on the vacation).

**Unexcused** absences include, but are not limited to, tardiness (three tardies in a semester in any one particular class will equal one unexcused absence), shopping, hair appointments, hunting, concerts, preparation or participation in parties or other celebrations, and employment and extra-curricular activities where Iowa Valley students are no longer participating (i.e. State tournaments or contests where the Iowa Valley team(s) or an individual has been eliminated from further competition and will no longer compete, such as multiple day events.)

#### \*\* This addition to the policy began August 23, 2011.

Students are given a "free" pass for <u>one tardy per semester</u> to first period class only. A tardy can not exceed more than 20 minutes of a class period. The office keeps track of first period tardies and use of free passes.

Teachers will keep track of tardies in all classes other than first period class and notify the office when three tardies are reached in their class by any student. If a tardy is more than 20 minutes, it is counted as an **unexcused** absence. Students **do not** get credit for work missed due to unexcused absences, but may ask the teacher for make-up or missing work if they choose. The office will notify teachers of unexcused absences.

Students in grades 11 & 12 will receive a "**personal**" **day** which can be used during the <u>second</u> semester if that student has: perfect attendance during the  $1^{st}$  semester, no office referrals due to classroom incident(s), no unexcused tardies, and has no grade less than a C at the time of the request for the "personal" day. Students are asked to plan ahead for their "personal" day and have a parent/guardian call in at least 24 hours prior to taking the day.

If a student accumulates <u>5 unexcused absences</u> in a class per semester, he or she may lose credit for the class. Parents will be notified with a letter or oral communication after the third unexcused absence. Parents and student will be asked to attend a conference with the principal after the fourth unexcused absence where a student and his parents/guardians will be notified of the consequences of loss of credit after the fifth unexcused absence. If the student loses credit, the fact is recorded in the student's record as an "AW" (Administrative Withdrawal). Students can appeal loss of credit to the Appeals Committee and then the School Board. The names of all students 16 yrs or younger with five unexcused absences will be turned over to the County Attorney.

The student who loses credit due to excessive absences is assigned to study hall for the period(s) in which the course(s) meet. If a student loses credit in all courses due to unexcused absences, he or she will not be allowed to participate in any school activities until the following semester. However, the student is eligible to practice if all other eligibility criteria have been met.

**Ref: IAC 299.1A COMPULSORY ATTENDANCE AGE.** A child who has reached the age of six and is under sixteen years of age by September 15 is of compulsory attendance age. However, if a child enrolled in a school district or accredited nonpublic school reaches the age of sixteen on or after September 15, the child remains of compulsory age until the end of the regular school calendar.

#### Appeals Procedures

#### A. Appeals Committee

- 1. If a student is notified of 5 unexcused absences resulting in an Administrative Withdrawal from a class(s), the student, parent(s)/guardian(s) may file a written appeal with the principal's office within 2 school days of the student and/or, parent(s)/guardian(s) having received the notification.
- 2. Following the notification of Administrative Withdrawal, if the student, and/or parent(s)/guardian(s) has timely filed an appeal, the student will remain in class(s) until pending completion of the appeals process.
- 3. The appeals hearing will be held within 2 school days after the appeal is filed with the principal's office. The committee's decision after the appeal hearing has been held will be issued by the committee within 1 school day.
- 4. The Appeals Committee will consist of the principal, the guidance counselor, and three teachers. Appeals committee members may request to be taken off the committee if there appears to be a conflict of interest.
- 5. The Appeals Committee will consider the following in reaching a decision:
  - a) Absences caused by religious holidays; chronic or extended illness; hospitalization, family death or emergency; emergency medical or dental care; court appearances; or other circumstances that would cause the student to miss school which are not caused by the student
  - b) Attendance history of the student
  - c) Extenuating circumstances
  - d) Educational alternatives to removal from class
  - e) The total educational program for each individual student

#### **B.** Appeal to the School Board

Students and parent(s)/guardian(s) seeking a review of the Appeals Committee decision regarding sanctions imposed under this attendance policy must file a written request for review with the School Board within 5 school days after the date of the Appeal Committee's decision. The superintendent of the school district will fix the time, place and date for the review hearing with the School Board and will notify the student and parent(s)/guardian(s). At the conclusion of the review hearing the School Board will issue a decision within 1 school day either affirming, reversing, or modifying the Appeal Committee's decision.

#### **Truancy**

Truancy is when a student's absence is unexcused for any part of a school day or when a student is absent for more than 20 minutes of a period. Students will be given a detention for each period missed in a school day. For example, if a student oversleeps and comes to school at the start of fourth period, the student will issued three nights of detention. The unexcused absence will also count toward the 4 allowed unexcused absences per class each semester. The names of all students with five unexcused absences per class each semester will be turned over to the County Attorney.

#### Make-up work

Students have 2 class days for the first day missed plus one calendar day for each additional day missed to make up assigned work from excused absences.

#### Loss of Driver's License

It is state law that the driver's license of a juvenile, who has voluntarily dropped out of school, be revoked. This applies to all students under the age of 18 who drop out of school. IA Code: 321.213B

#### Special Education Students

The foregoing procedures shall apply to all special education students except where the IEP Team has made the decision to change the placement of the special education student rather than recommending expulsion or being dropped from the class.

#### Work Release and study hall privileges for Seniors

Work release for seniors is available through coordination and permission from the building principal. Interested individuals should inquire in the high school office. Seniors may be given permission to arrive or leave the school building during a 1<sup>st</sup> or 8<sup>th</sup> period study hall for authorized work experience or credit related offerings.

- This option will be **revoked** if the student is failing **any course** at the end of any nine week period/quarter or at the request of a teacher or parent due to poor assignment or test scores or if attendance or behavior has become an issue.
- Said work release/work experience coordinator also has the option of revoking the student's opportunity to be released from said classes if attendance/behavior/conduct becomes an issue at the work place.

#### Student Participation in the Kirkwood Alternative Program

The Kirkwood Alternative Program is provided as an alternative education to those students not attending a regular high school or those who have not graduated from high school, but living in the Iowa Valley Community School District and within the legal school age. Interested individuals should inquire in the high school office.

#### Post-Secondary Enrollment Option (PSEO)

Students in grades 9, 10, 11 and 12 who meet advanced placement criteria, for courses approved by the board, will be reimbursed for tuition and other costs directly related to the course up to the maximum as established by Iowa Code. The following factors shall also be considered in the reimbursement of tuition:

- 1. The course must be taught at a public or accredited private institution.
- 2. A comparable course is not offered in the school district.
- 3. The course must be a credited course at the post-secondary institution.
- 4. The course is not religious or sectarian.
- 5. The course is satisfactorily completed.

\*Prior to taking a course at a post-secondary educational institution, students must complete necessary registration procedures through the guidance office and have approval of the building principal.

\*\*Courses taken under the post-secondary enrollment option may be used for high school credit and be applied toward completion of graduation credits in the Iowa Valley High School.

Students who have received early graduation from the Iowa Valley Community School District will not be eligible for the post-secondary enrollment option.

#### **Open Enrollment Notification**

Parents requesting open enrollment out of the school district for their student will notify the sending and receiving school district **no** later than March 1 in the school year proceeding the first year desired for open enrollment. The notice is made on forms provided by the Department of Education. The forms are available at the central administration office.

#### **GENERAL INFORMATION**

Students should remain in the MP room and adjacent hallways before the bell dismisses to 1<sup>st</sup> period. All exterior school building doors will be locked during the school days with the exception of the main south entrance located between the principal and superintendent's office. All visitors are to enter through this door and sign in to the principal's office.

Lunch is served in two shifts in the high school and one shift in the junior high. All students are to report to the lunch room during their designated period. No students are allowed to leave the building during lunch.

Students may eat hot lunch or bring a lunch from home. Meal account money may be turned in to the Superintendent's office before or after school, or paid through **payschools**, which is found on the school webpage.

#### Student Lockers

Each student is assigned a locker. Students may not switch lockers or use another locker other than the one assigned to them for the school year. It is here that he/she keeps his/her books and personal belongings. \*Backpacks and/or purses are not allowed in classrooms and

should be kept in lockers. Students are encouraged to bring only things that they will need during a school day. Students who do not comply may be issued a detention.

In accordance with Section 808A.2 of the Iowa Code, school officials may conduct periodic inspections of all, or a randomly selected number of school lockers, desks and other facilities or spaces owned by the school which are provided as a courtesy to students. These inspections may be conducted without prior notice; however, they will either occur in the presence of students whose lockers are being inspected or in the presence of at least one other person. The use of drug detection canines may be used at various times throughout the school year.

#### Field Trip Forms

While they are an in-depth study for the class sponsoring the field trip, the student will be missing other educational opportunities in classes missed during the day. For this reason, students are required to have a field trip form signed and turned into the high school office secretary 24 hours before the scheduled activity.

#### Instructional Supply Rental

The instructional supply rental policy as set up by the Board of Education is determined by the annual expenditures and, therefore, can possibly change from time to time, depending on the raising or lowering of costs for the books used.

Excessive wear on books will be charged against the student by a fine. All workbooks and lab books remain the property of the school and will be collected when school is out in the spring. These books and supplies represent a very great outlay of money each year, and students should protect them from rough handling.

Students who are going on errands that will take them from the building must first report to the principal's office, and receive permission from the building administration and their parent or guardian.

#### <u>Automobiles</u>

To provide safety and reduce the possibility of students being injured due to automobiles, the school policy is that there shall be no driving or riding in cars during the school day. Also, students should not be sitting in a vehicle during the school day. The only exceptions being when parents pick up students at noon or return them back to school and for work-study students who have been given special permission to drive directly to work.

There is a designated area to be used for mopeds and students will be asked to park in that designated area, regular parking lot is for full size vehicles only.

Students are expected to bring **and** work on academic work or appropriate reading material in study hall for the entire period. If a student is disciplined for any reason in a study hall he or she may be placed in a "restricted" study hall environment and have privileges revoked for a specified time, which could result in the remainder of the quarter/semester or year. All students will be expected to report to study hall just like any academic setting on time and in their assigned seats, if they arrive late they must have a sign hallway pass or will be given a detention after the third (3<sup>rd</sup>) unexcused tardy.

A designated number of students will be allowed to go to the media center during the course of a week, but this is generally on a rotational basis and the student **will not be allowed** to report to the library if they've had their privilege's revoked or if they're failing more than one class. There is a designated area in which electronic devices may be used as well as an area for partner or group collaboration, but these areas will be identified by the study hall monitor/teacher.

#### HOMEWORK POLICY

Homework is assigned by teachers to provide students with practice opportunities to apply new knowledge and it may differ with each teacher, so it becomes the student's responsibility to contact their teacher when they are absent or have missed the due date of an assignment or assessment. When students do not complete homework, they are not receiving the practice opportunities teachers feel are necessary for deeper learning to occur. In order to support students in regularly completing homework assignments, students should utilize their planners to record assignments in every class. Teaching staff may advise the student to attend a homework help session before or after school.

- Books may be checked out for up to 3 weeks.
- Past issues of magazines must be checked out and returned the same period.
- Reference materials do not circulate except with special permission.
- All materials may be renewed for similar loan periods.
- If materials are lost or damaged, students are responsible for paying replacement costs.

#### Library Media Center Use

- A predetermined number of students may come to the media center from each study hall.
- Teachers sending students to the media center when not supervising study halls need to complete a pass for each student.
- Students need to report directly to the media center from study hall or classroom.
- Students should work independently, quietly and productively. Students should treat others in the library with courtesy and respect. Keep voices down.
- Misuse or abuse of library materials or other school property is prohibited.
- Eating, drinking, and chewing gum are not permitted in the library.
- Library computers should be used only for educational purposes. Game playing, chat-rooms, instant messaging, e-mail, etc. or inappropriate internet surfing are strictly prohibited. See Internet-Appropriate Use Regulations.
- Students causing disruptions will be asked to leave the library:
  - 1st offense 3 weeks
  - 2nd offense 6 weeks
  - 3rd offense 9 weeks
  - 4th offense the remainder of the school year
- Academic and conduct ineligibility: any student who is ineligible will not be able to use the library media center during study hall unless the student has a pass from a teacher who has assigned work that must be completed with media center resources.
- There is no charge for printing, but it should be limited to that which is essential for class assignments.

#### Internet – Appropriate Use Regulations

Access to the Internet is available to teachers and students as a source of information and a vehicle of communication.

1. Making Internet access available to students carries with it the potential that some students might encounter information that may not be appropriate for students. However, on a global network, it is impossible to control all materials. Because information on the Internet appears, disappears and changes, it is not possible to predict or control what students may locate.

- 2. It is the goal to allow teachers and students access to the rich opportunities on the Internet while we protect the rights of students and parents who choose not to risk exposure to questionable material.
- 3. The smooth operation of the network relies upon the proper conduct of the end (computer) users that must adhere to strict guidelines, which require efficient ethical and legal utilization of network resources.
- 4. Transmission of material, information or software in violation of any board policy or regulation is prohibited.
- 5. The school district makes no guarantees as to the accuracy of information received on the Internet.

#### Permission to Use Internet

In order to use any on-line service (\*Internet) students and parents must have read, signed and returned the Acceptable Use Policy form to the Media Specialist. The Acceptable Use Policy is available through the Media Specialist. Students must be academically eligible in order to use the Internet.

If a classroom assignment requires the use of the Internet, special arrangements will be made for the student to complete the work. Teachers will be supplied with the list of students who have violated the policy with their dates of suspended use.

#### Student Use of Internet

- A. Equal Opportunity The Internet shall be available to all students within the school district through teacher access. The number of available terminals and the demands for each terminal may limit the amount of time available for each student. No games including video, sports, word games, puzzles, racing, or any other mechanical activities that could be construed as a game will be allowed. No email, chat rooms or any type of instant messenger will be allowed.
- B. On-line Etiquette
  - 1. The use of the network is a privilege and may be taken away for violation of board policy or regulations. As a user of the Internet, students may be allowed access to other networks. Each network may have its own set of policies and procedures. It is the user's responsibility to abide by the policies and procedures of these other networks.
  - 2. Students should adhere to on-line protocol:
    - Respect all copyright and license agreements.
    - Cite all quotes, references, and sources.
    - Remain on the system long enough to get needed information, then exit the system.
    - Apply the same privacy, ethical and educational considerations utilized in other forms of communications.
- C. Restricted Material Students shall not intentionally access or download any text file or picture or engage in any conference that includes material which is obscene, libelous, indecent, vulgar, profane, or lewd.
- D. Illegal Uses Students who disrupt the computer system, cause security problems, try to gain access to another person's account will be disciplined according to the student violation plan. Students who try to disrupt the filtering system will be dealt with according to the same student violation plan. Students who physically abuse the computer and its parts will also be in violation of the plan.

#### **Student Violation – Consequences and Notifications**

Students who violated the above mentioned rules shall be subject to the appropriate actions described in board policy or regulations or the following consequences.

- A. **First Violation** A verbal "Warning" notice will be issued to the student. The student will be asked to log off and not use the computer.
- B. Second Violation A verbal and written "Violation" notice will be issued to the student. The student will lose Internet access for a period of three (3) weeks. A copy of the notice will be sent to the student's parents and a copy provided to the building principal.
- C. **Third Violation** A verbal and written "Violation" notice will be issued to the student. The student shall forfeit all Internet privileges for the balance of the school year. A copy of the notice will be sent to the student's parents and a copy provided to the building principal.

If a classroom assignment requires the use of the Internet, special arrangements will be made for the student to complete the work. Teachers will be supplied with a list of students who have violated the policy with their dates of suspended use.

#### IOWA VALLEY SCHOOL DISTRICT ONLINE INFORMATION ACCEPTABLE USE POLICY

Internet access is now available to students and teachers in the Iowa Valley School District. We are very pleased to bring this access to Iowa Valley and believe the Internet offers vast, diverse, and unique resources to both students and teachers. Our goal in providing this service to teachers and students is to promote educational excellence in schools by facilitating resource sharing, innovation, and communication.

The Internet is an electronic highway connecting thousands of computers all over the world to millions of individual subscribers. Students and teachers have access to:

- A. Limited electronic mail communication with people all over the world.
- B. Information and news from all over the world.
- C. Public domain software and shareware of all types.
- D. Discussion groups on a variety of topics ranging from Chinese culture to the environment to music to politics.
- E. Many university library catalogs and the Library of Congress.

With access to computers and people all over the world also comes the availability of material that may not be considered to be of educational value in the context of the school setting. On a global network it is impossible to control all materials, and an industrious user may discover controversial information. Although the school district uses various filtering and monitoring strategies, it is technologically impossible to filter all access while still retaining a meaningful connection. Iowa Valley School District firmly believes that the valuable information and interaction on this worldwide network far outweighs the possibility that users may procure material that is not consistent with the educational goals of the District.

Internet access is coordinated through a complex association of government agencies and regional/state networks. In addition, the smooth operation of the network relies upon the proper conduct of the users who must adhere to strict guidelines. These guidelines are provided here so that you and your child(ren) are aware of the responsibility you and your child(ren) are about to acquire. In general, this requires efficient, ethical, and legal utilization of the network resource. If an Iowa Valley student user violates any of these provisions, his/her access will be terminated and future access could possibly be denied. The signatures at the end of this document are legally binding and indicate the parties who have signed have read the terms and conditions carefully and understand their significance.

#### Internet—Terms and Conditions

Acceptable Use: The purpose of NSFNET, which is the backbone network to the Internet, is to support research and education in and among academic institutions in the U.S. by providing access to unique resources and the opportunity for collaborative work. Access to the Internet must be in support of education and research and consistent with the educational objectives of the Iowa Valley School District. Use of other organization's networks or computing resources must comply with the rules appropriate for that network. Transmission of any material in violation of a U.S. or state regulation is prohibited. This includes, but is not limited to: copyrighted material, threatening or obscene material, or material protected by trade secret. Use for commercial activities is generally not acceptable. Use for product advertisement or political lobbying is also prohibited.

**Privileges:** The use of the Internet is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. The systems administrators [currently the business teacher, Bonnie Brecht, and Brenda McCaw, technology aide] and the building principals will deem what is inappropriate use and their decision is final. Also, the system administration, faculty, and staff of the Iowa Valley School District may request the system administrators to deny, revoke, or suspend specific user accounts.

Network Etiquette: The user is expected to abide by the generally accepted rules of network etiquette. These include (but are not limited to the following:

- 1. Be polite. Do not get abusive in messages to others.
- 2. Use appropriate language. Do not swear, use vulgarities, or any other inappropriate language.
- 3. Illegal activities are strictly forbidden.
- 4. The user will not reveal his/her personal address or phone number or those of any other person to anyone on the Internet.
- 5. Electronic mail is not guaranteed to be private. People who operate the system have access to all mail. Messages relating to or in support of illegal activities may be reported to the authorities. At Iowa Valley, all responses received for any student will be given to the student in print form. No student will be allowed to access Iowa Valley's electronic mailbox.
- 6. Messages sent over electronic mail must be written appropriately. The reason for this is that the people receiving the messages can forward the messages to others or post them on electronic bulletin board systems for anyone to read. Therefore, the messages should not contain profanity, obscene comments, sexually explicit materials, or expressions of bigotry, racism, or hate. They should not contain personal information that one would not want any stranger to have such as one's name, address, or phone number.
- 7. The user will not use the network in such a way that would disrupt the use of the network by other users.
- 8. If the user wants to save information to a disk, the user will need to purchase a new disk on which to save this information from the media specialist. Once a disk leaves an Internet access classroom, the disk is no longer considered "new". This precaution is necessary to avoid computer viruses infecting the computer network.
- 9. After the user has permission from his/her parent or guardian to use the Internet, he/she may access the Internet without being supervised during his/her use.

Iowa Valley School District makes no warranties of any kind, whether expressed or implied, for the service it is providing.

Iowa Valley School District will not be responsible for any damages the user suffers. This includes the loss of data resulting from

delays, non-deliveries, miss-deliveries, or service interruptions caused by its own negligence or the user's errors or omissions. Use of any information obtained via the Internet is at the user's own risk. Iowa Valley School District specifically denies any responsibility for the accuracy or quality of information obtained through its services.

Security: Security on any computer system is a high priority, especially when the System involves many users. If the user feels he/she can identify a security problem on the Internet, you must notify a system administrator. Do not demonstrate the problem to other users. Attempts to log-on to the Internet as a system administrator will result in cancellation of user privileges. Any user identified as a security risk or having a history of problems with other computer systems may be denied access to the Internet.

Vandalism: Vandalism will result in cancellation of privileges, and the user who vandalizes will be held financially responsible. Vandalism is defined as any malicious attempt to harm or destroy data of another user, Internet, or any of the above-listed agencies or other networks that are connected to the NSFNET Internet backbone. This includes, but is not limited to, the uploading or creation of computer viruses.

#### STUDENT ACTIVITY PROGRAM

Participation in school activities is a privilege. All students participating should recognize and understand that they are representatives at all times of the Iowa Valley Community School District. School activities provide the benefits of promoting additional interests and abilities in the student during their school years and for their lifetime.

Students will have an opportunity to participate in all school activities that are offered by the district unless the activity is an intramural or interscholastic athletic activity or the student is unable to participate due to disciplinary and/or academic reasons. If the activity is an intramural or interscholastic athletic activity, students of the opposite sex will have a comparable opportunity for participation. Comparable opportunity does not guarantee boys and girls will be allowed to play on each other's teams. However, there will be appropriate activities for both boys and girls that will allow them to reap the benefits of school activities.

Prior to activity events taking place, the administration will review them and approve those that are appropriate. If it involves unusual travel expense, the board will take action. The events must not disrupt the education program or other school district operations.

It shall be the responsibility of the superintendent to develop administrative regulations for each school activity. These regulations shall include, but not be limited to, when physical examinations will be required, how and when parents will be informed about the risk of the activity, academic requirements, and proof of insurance on the student participating in certain activities. Students wanting to participate in school activities must meet the requirements set out by the school district for participation in the activity.

#### Student Eligibility for Extra Curricular Activities (Approved by the SIAC Committee 5/23/11)

The rules of eligibility as stated herein shall apply to all of those students, grades 7-12, who are involved or could be involved in any extra curricular activity in the Iowa Valley Community School District.

#### A. Academic Requirements

The foregoing rules are conduct requirements for all activities at all times. Any violation of these requirements during the school year whether the student is at that time in an activity or not will be deemed to be a violation of these rules and subject the student to the penalties hereinafter set forth. If a student violates these rules when school is not in session the penalties will still be enforced. #### C. Length of Ineligibility for "Good Conduct" Violations.

First of all, the offending student **must** notify the proper authorities as soon as possible of his or her offense. After the student's report has been noted, the period of ineligibility would begin immediately if the student is currently participating in an activity. If the student is not presently participating in an activity, the offending student's period of ineligibility would not begin until the next activity or sports first officially scheduled contest or event.

(Example: Student A is not out for a fall activity/sport, but is guilty of possession of an alcoholic beverage at a fall weekend party, the student then reports the incident on the following Monday to the proper authorities, the period of ineligibility would being with Student A's 1<sup>st</sup> official contest/concert or event). (SIAC recommendation that was amended and approved by Iowa Valley School Board July 15, 2013)

- 1) Length of ineligibility shall be as follows:
  - a) If a student is cited/ticketed with alcohol/drugs, tobacco products or other illegal activity and **does not self**report; the student is ineligible for extra-curricular activities for **six weeks and** must complete a minimum of 3 hours of preventative counseling services.
  - b) If a student is cited/ticketed with alcohol/drugs, tobacco products or other illegal activity and self-reports; the student is ineligible for extra-curricular activities for three weeks and must complete a minimum of 3 hours of preventative counseling services. \*
  - c) If a student is present at a party where alcohol/drugs or other illegal activity is occurring the student is ineligible for two weeks.

\* Reduction to the period of ineligibility is possible if the offending student "self-reports" an incident **or** successfully completes professional counseling services, (MECCA) is an example of one service provider.

<u>Self-reporting is when a student contacts his or her activity sponsor, school administration, or central office</u> personnel the next business/school day following the incident/infraction.

- d) Second offense: <u>students will be ineligible for</u> twelve (12) <u>consecutive</u> weeks <u>applying the provisions of section</u> <u>A. above.</u>
- e) **Third offense:** <u>students will be ineligible for</u> twelve (12) <u>consecutive</u> months <u>applying the provisions of section</u> <u>A. above.</u>
- 2) In determining whether an offense is a second or third offense, only offenses occurring within twelve (12) consecutive months (starting with the date of the first offense) shall be counted.

#### **D.** Attendance/Tardiness:

Any student who wishes to participate in or attend any extra-curricular activity/event must be excused and in school for at least one half of that day. If there are unusual circumstances, such as a funeral, doctor's appointment, etc., the principal may waive the half-day requirement. The approval must be granted **before** the student leaves or arrives late. Also, any student who arrives late/unexcused to school will not be allowed to participate in that evening's event/activity/practice. **Example A:** The student who misses a morning, must be at school for A lunch (by the beginning of fifth period) in order to have the attendance count for the half day requirement. **Example B:** Student A arrives late/tardy to school is therefore ineligible to participate in that evenings practice session or game/event or contest.

#### E. Length of Ineligibility for Transfer Students

Any student declared ineligible under the prior school district's good conduct rule, and then without having completed the full period ineligibility at that school transfers to the Iowa Valley High School, will not be eligible for interscholastic competition at the Iowa Valley Jr. /Sr. High School until the full period of ineligibility has been completed. Once that time period of ineligibility has been completed, the student is then immediately eligible for interscholastic competition at the Iowa Valley Jr. /Sr. High School as far as any good conduct rule is concerned.

#### F. Due Process

If the student denies the charge, the principal shall explain the evidence and give the student an opportunity to tell the student's side of the story. The high school principal or the superintendent shall then determine whether the student should be declared ineligible. If the student is declared ineligible, said ineligibility shall commence immediately. The student will be granted an informal hearing with the school board at the student's request to have said ineligibility reviewed. The board's decision, in the event that the student requests an informal hearing, shall be final.

#### Insurance

All athletes are required to have accident insurance. If the athlete is not insured by his/her parent's policy, athletic insurance is available. Insurance for non-athletes is available at a reasonable rate.

#### **Activity Trips**

Students are required to ride and font to any school sponsored event, activity or contest in school provided transportation, arrangements must prior approved by the students/child's sponsor/coach or building principal and a written notice or phone call must be made by a parent or guardian. The only exception to this rule will be in cases where the parents make a personal request to the sponsoring teacher that their child will ride home with them.

#### **Student and Spectator Participation**

A loyal Iowa Valley fan wants his/her team to win but to win fairly and cleanly. He/she respects the decision of the referees even though he/she believes it to be wrong. He/she enters into all activities whole heartedly, yells for the team when defeat is certain. He/she treats the opposing team and their boosters with respect. He/she is a worthy winner and a good loser.

#### **Dual Participation-Athletic Teams**

Any high school student who participates in school sponsored athletics may participate in a non-school sponsored sport during the same season with approval of the high school principal or his/her designee. Any student who does not receive written permission to participate could be declared ineligible to participate in school sponsored activities. The length of ineligibility will be:

- a) First offense four (4) weeks;
- b) Second offense twelve (12) weeks;
- c) Third offense twelve (12) consecutive months.

In determining whether an offense is a second or third offense, only offenses occurring within one year shall be counted. Such outside participation shall not conflict with any school-sponsored activity in which the student is involved. The student shall not use any school owned equipment or materials without written permission and such use would be permissible under school and state activity guidelines.

#### **School Activities Regulations**

- 1) Cheerleaders, when traveling with players, are directly responsible to the coaches.
- 2) At no time will any student be allowed to drive any vehicle to or from any away contest or event/activity. This does not include driving to practice directly from home.
- 3) Anytime a student boards a bus, the student will remain a passenger on that bus until the round trip has been completed. The only exception will be if a <u>parent</u> asks the head coach at the contest if his/her child may ride home in the family transportation.
- 4) No student will be let off the bus anywhere other than the high school, or at a site designated by the coach/sponsor.
- 5) Every coach/sponsor is responsible for the conduct of the members of their team. This responsibility exists prior to contests, while traveling, in the locker room, as well as during the contest.
- 6) Any coach/sponsor may issue a more strict set of rules than stated herein, but none may be more lenient.
- 7) All participants must dress according to the coach's requirements for contests both home and away.
- 8) Students involved in activities may be awarded a certificate, letter, or other award as deemed appropriate according to specifications set by the activity's sponsor.

#### **Responsibility during Activity Participation**

Students must recognize, and voluntarily assume, the risks inherent when participating in a given activity. These risks of participation could result in injury to oneself, including loss of property, limb, life or permanent physical impairment.

#### Iowa High School Athletic Association Eligibility Rules Penalty

Any student disqualified from an interscholastic contest by game officials for flagrant, violent or verbal misconduct will be ineligible for the next regular scheduled game/meet at the level of competition and all other games/meets in the interim at any level in addition to any other penalties the IHSAA or the school may assess.

The second violation carries a four game/meet automatic ineligibility.

#### Anabolic Steroid Use

- A) Steroid use is unsportsmanlike conduct in that it can give unfair athletic advantage to the user.
- B) Any athletic who uses anabolic steroids is subject to a one calendar year period of ineligibility from all high school athletics.
- C) The only exception to an athlete who uses anabolic steroids being declared ineligible for one calendar year will be if a medical doctor signs an affidavit that they have prescribed anabolic steroids for the student athlete. Information regarding such usage must be filed with the high school principal or athletic director prior to the athlete taking part in high school athletics.

#### STUDENT TRANSPORTATION

- 1. All students who ride the bus are reminded to follow the rules of courtesy and good conduct. The bus driver will report misconduct to the principal. Parents will be notified and conferences held.
- 2. Bus students are not counted tardy when the bus is late arriving.
- 3. Students are expected to meet the bus on time and not keep it waiting. The bus will generally leave from in front of the high school five minutes after dismissal of school.

**Bus Transportation Passenger Discipline Procedure** - To assist in providing an efficient and safe environment the following procedure has been established for drivers and passengers on the Iowa Valley Community School buses, vans, and suburbans. Passengers are expected to follow the bus rider rules as printed in the Parent Newsletter. However, when difficulties arise, they are usually one of two types.

**Passenger to Passenger** – When a passenger(s) is experiencing difficulty with another passenger(s), he/she should first discuss the situation with the bus driver. If a satisfactory solution does not result, the passenger, or parent/guardian should contact the building principal. If the situation continues, the superintendent should be notified.

#### **Passenger and Drivers**

- a) First Offense The bus driver and passenger(s) will confer in an attempt to solve the situation.
- b) **Second Offense** The driver will contact the building principal who will then visit with the passenger(s) and the driver in an attempt to solve the problem. The incident will be recorded and a copy sent to the parent or guardian.

- c) Third Offense The driver will again contact the building principal in an attempt to solve the situation. Either the driver or the principal will contact the parent/guardian. (If the principal contacts the parent/guardian, the driver should be present to provide necessary information.) After the conference with the passenger(s) and the call to the parent/guardian, a notice of probation will be sent to the parent/guardian. This notice will indicate the problem(s) involved and state that any subsequent problems will cause suspension of bus riding privileges for the period of time up to two weeks. If the phone contact was attempted but not made, the notice will also indicate that the parent/guardian was not able to be reached by phone. Communications among parents/guardians, bus drivers, and building principal is an essential part of a good, safe transportation system.
- d) Fourth Offense The driver will refer the passenger(s) to the building principal. A conference will be held with the passenger(s) and a notice of suspension of bus riding privileges will be sent to the parents/guardians. This period of suspension could last for four weeks.
- e) **Fifth Offense** The driver will again refer the passenger(s) to the building principal. A conference will be held with the passenger(s) and a notice of suspension of bus riding privileges will again be sent to the parents/guardians. This period of suspension could last for the remainder of the year.
- \* In the event of an emergency or extreme situation, suspension of riding privileges may be given without prior warning. This action will be taken at the discretion of the building principal after conferring with the bus driver, conference with the passenger(s) and notice to the parents/guardians.
- \*\* At any step in this procedure the parent/guardian has a right to request an informal meeting or formal hearing with the bus driver and/or building principal. This request should be made to the building principal and will be held prior to any suspension of bus riding privilege.
- \*\*\* Communication, cooperation, and respect are the ways to an effective and safe transportation system. The drivers, passengers, and parents/guardians are expected to communicate in an open and respectful manner on a regular basis regarding the transportation program. This is essential as initial problems begin to surface. Normally, these efforts will avert any serious difficulties.

Rationale: All students will benefit from the positive recognition of school efforts. Approximately 10% of our study body will be recognized as "Student of the Month."

Implementation:

- 1) Students are to be selected from each of the three groups: Junior high (7 & 8), Junior Varsity (9 & 10), Varsity (11 & 12).
- 2) Each faculty member may nominate up to two (2) students in any of the three groups in which the faculty member is teaching or supervising (except Study Halls).
- 3) Nominations will be based on: a) Overall improvement; b) Citizenship; c) Leadership; and d) Scholarship.
- 4) Once a student has been "Student of the Month" at one level they may not be "Student of the Month" at that level again.
