

Welcome to the “New” Iowa Valley Website!

Students, staff and parents; first of all welcome to the new website here at Iowa Valley Jr/Sr High School! It is our hope that this new website will be easier to browse and navigate as well as keeping you updated on events and activities going on in our district. I can’t go on any further without giving credit where credit is due, that being our developer Mrs. Ashton Linnell who is also our Business Education teacher and the Talented and Gifted Education director for our district. It is with her guidance and direction that you are able to see what you see with this website, still the same web address as used before but just lots of “new things” added and other items to be added as time passes. Mrs. Linnell plans on incorporating website design and updating through one of her classes, but currently it will be maintained by her. If you have any questions or comments, which can be partly addressed through our new “Twitter” feed found at the top, but also don’t hesitate to contact one of the building principals, either myself at skreman@iowa-valley.k12.ia.us or Cindy Miller at the elementary at cmiller@iowa-valley.k12.ia.us and we’ll pass on that information to whomever needs it. Again welcome to Iowa Valley it’s new website and just to let you know, it’s still under construction, but very operable. Until next time.....GO TIGERS!
